ANNUAL REPORT

2020 – 2021

1. We are living in extraordinary times and the 2020-2021 School Year has been a year like no other. Through it all, Prita Lee Lesson School has remained committed to academic excellence and the social-emotional well-being of its students. We are immensely proud of the commitment of our stake-holders to the success of the school. In the spring of 2020, our teachers were able to move to distance learning in just a few days, while other schools took a long time for this transition. During the pandemic our teachers worked relentlessly to not only conduct online classes, but also provide online study material and also conducted weekly online doubt-clearing classes. In spite of the challenges of the ongoing pandemic, thanks to the vigilance and cooperation of our staff, we were able to provide in-person learning to our students for a few months. *All COVID-19 safety protocols were followed during these physical classes.*
2. Starting with the Kindergarten Section, the school has undergone immense changes during this year. Activity-based curriculum was adopted by our vivacious teachers to make learning fun.
3. “Learning gives Creativity, Creativity leads to Thinking, Thinking provides Knowledge, and Knowledge makes you Great”. The pandemic did not impede our quest for all-round development of our students. Hence co-curricular activities were conducted, albeit with a difference—on a virtual platform. Activities like Poem Recitation, Tree plantation, Best out of waste workshops, Fancy Dress Competition, Read-Aloud, Preparation of Powerpoint presentations, Just-a-Minute were conducted, to name a few. No sports activities could be conducted with the schools being closed due to the pandemic.
4. Excellence in academics is the hallmark of a good educational institution. We are proud to report that our second batch of Class X CBSE students have brought laurels to the School by their excellent results, securing 100% results in their Board Exams. The credit for this excellent performance goes to our committed teachers, who took extra classes and other necessary remedial measures, the hard-working students and their devoted parents.
5. Teachers are also learners. So, our teachers stayed updated by attending various training programmes (online, CBSE).
6. From this session the School has adopted a new School Management Software, which enables the parents to keep a real time track of the status of their ward for daily attendance, fee status, test results, school circulars and notices etc. Parents and Teachers have better communication as this software provides a direct upload of the daily homework so the parents are apprised of the daily homework and the same can be enforced at the parents’ end too.
7. To encourage the habit of reading among the students, a ‘digital library’ was launched virtually on the school website.
8. The school conducted virtual Parent- Teacher meetings because the school was closed due to Covid 19.
9. The School Management Committee in its meeting decided to deal sympathetically with all the parents.
10. The support of parents and their cooperation has been immense throughout the year and has contributed towards the successful culmination of the Academic Session 2020-2021. The School Management looks forward to continued interaction with the parents in the forthcoming session.
