

Annual Report

"The future belongs to those who believe in the beauty of their dreams."

With hearts brimming with aspirations and a vision rooted in excellence, our journey has always been one of progress, purpose, and passion. The academic session 2024–25 has been a testimony to the unwavering commitment of our school community—a commitment to growth, learning, and holistic development. This report is a reflection of our collective efforts and a roadmap for the future that lies ahead.

Learning by Doing

"Learning is not the product of teaching. Learning is the product of the activity of learners."

At our school, experiential learning remains at the heart of our curriculum. A wide range of co-curricular activities and celebrations were seamlessly integrated into the academic calendar to promote creativity, collaboration, and cultural awareness. Events like Mother's Day, Earth Day, Environment Day, International Yoga Day, Father's Day, Investiture Ceremony, Teacher's Day, and Independence Day were celebrated with great zeal and student participation.

Academic and Co-Curricular Excellence

As the school gates welcomed students at the beginning of the academic year, the campus once again came alive with laughter, energy, and the spirit of learning. Our students embraced academics and co-curricular activities with enthusiasm and dedication, demonstrating excellence in all domains.

Health is Wealth

In keeping with our commitment to physical and mental well-being, activities were organized on occasions such as World Mental Health Day, 'Run for Unity' and Sports Day. These events helped reinforce the importance of a balanced and healthy lifestyle among our students.

Teacher Training & Development

Our teachers are lifelong learners, and to ensure they stay updated with the latest educational practices, they actively participated in various training sessions and workshops organized by CBSE. These professional development opportunities greatly enriched the teaching-learning process.

Competitive Spirit and Participation

"To take part is what counts." In keeping with this spirit, students participated in a range of inter house, interclass, and state-level competitions. Students participated in CBSE cluster to explore their talents and learn the values of sportsmanship, creativity, and perseverance.

CBSE Initiatives

We proudly observed Fit India School Week, during which our students enthusiastically participated in yoga, fitness exercises, quizzes, and more, promoting the vision of a healthier India.

Additionally, under the banner of Azadi Ka Amrit Mahotsav, a plethora of activities were conducted to instill patriotism and deepen students' understanding of the rich legacy and cultural heritage of our country.

Board Examination Results

We are proud to share the stellar results of our Class X students in the CBSE Board Examinations for the session 2024–25. Continuing our legacy of academic excellence, we once again achieved a 100% pass percentage. This success is the result of the relentless efforts of our dedicated teachers, the hard work of our students, and the unwavering support of our parents.

We extend our heartfelt gratitude to our dear parents for their constant cooperation, encouragement, and trust. Your partnership is a cornerstone of our success, and we look forward to working hand-in-hand in the coming years to nurture young minds and shape responsible citizens.

With hope in our hearts and dreams in our eyes, we step into the future—ready to explore new possibilities, overcome challenges, and reach even greater heights.
